

Memo/Reply From  
JOSHUA LEDERBERG

TO: Dr Harry  
Robinson

Dear Harry:

1/4/82

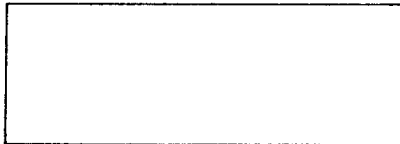

Rummaging through old papers:

I found this note. It refers to my  
first "consulting" opportunity (plus  
some translations from German) —  
that you were kind enough to  
hand over to me.

Your good will over the years, and  
now, is much appreciated; and  
I am glad we have an occasion to  
revisit from time to time.

all the best!

John.

Harry was my classmate in medical school.

He passed this assignment to me: my first  
"consulting" job. I recall a fee like \$5/hour —  
mumificent!
